Diamond Select Magnetic Resonance

Circular Equipment
2020

innovation  you

Rethink what new means with **Diamond Select**

Philips Circular Equipment transforms used medical imaging equipment into high quality Diamond Select solutions. It's a lower cost and future proof solution, with the same as new quality standards, warranty and support you can expect from Philips. The Diamond Select systems are indistinguishable from new.

More value for money

Diamond Select gives you **extended clinical capabilities at lower cost** - so you can provide the best care for your patients.

Same as new quality

Diamond Select has the same **high-quality standards and support** as you expect from new Philips systems.

Circular eco-system

Diamond Select is **future proof** and enables you to profit from, and contribute to, a circular and sustainable economy.

Diamond Select Magnetic Resonance

Indistinguishable from new, with high quality clinical and operational performance at lower cost. Making MR accessible to a larger patient population in a sustainable and circular manner.

Professional services and support

Premium: Ingenia 3.0T – Diamond Select

Advanced diagnostics made mainstream

Ingenia 3.0T with dStream is designed to make advanced diagnostic solutions mainstream pushing your radiology service to new levels of clinical utility and referral value. Maximizing diagnostic information within the available time slot with Digital, broadband dStream technology combined with dS SENSE acceleration and impactful imaging techniques.

Overview specs

- Advanced diagnostics in neurology, oncology and cardiology
- Fast and comfortable patient setup
- Personalized, automated imaging strategies and assistance
- Channel independent architecture for future expansion of clinical capabilities

Includes

- Latest console hardware and software
- Magnet cold head revision
- New accessory set which contains all pads and straps
- Same as new warranty

Premium: Achieva dStream 3.0T – Diamond Select Advance

At the forefront of clinical excellence

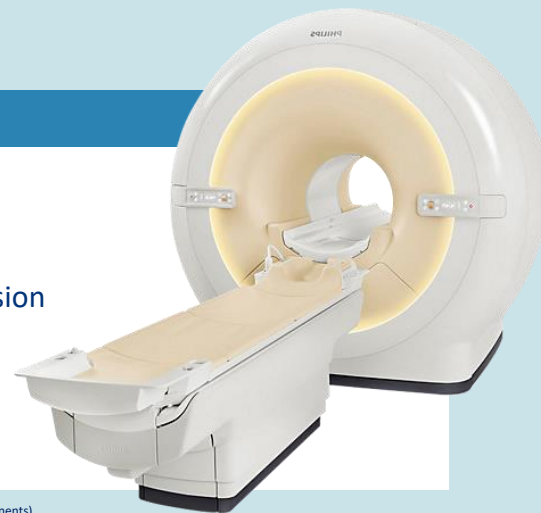

The Achieva dStream 3.0T – DS Advance* helps you explore with confidence, perform advanced clinical imaging that supports referrals, and conduct routine imaging efficiently. Maximizing diagnostic information within the available time slot with Digital, broadband dStream technology combined with dS SENSE acceleration and impactful imaging techniques.

Overview specs

- Premium image quality** with Digital Clarity and Speed
- Exceptional imaging performance with Quasar Dual and MultiTransmit 4D
- Access to emerging applications in neurology, oncology and cardiology
- Fast, comfortable and reproducible patient and volunteer setup

Includes

- Close to or new SmartPath to dStream upgrade
- Latest console hardware and software
- Magnet certification incl. cold head revision
- Same as new warranty

*The Achieva dStream 3.0T – Diamond Select Advance configuration is based on a refurbished and certified pre-owned magnet from an Achieva 3.0T system (including possibly a moderate amount of other components) combined with a refurbished SmartPath to dStream upgrade.

**Premium IQ defined as increased SNR and speed and improved fat-free and motion-free imaging obtained on dStream with dS SENSE, mDIXON and MultiVane XD compared to Achieva with SENSE, Dixon and Propeller. Digital Clarity and Speed defined as SNR obtained with Ingenia or SmartPath to dStream compared to Achieva

Performance: Ingenia 1.5T – Diamond Select

Brighten the way ahead

Philips Ingenia is designed to provide better and more consistent image quality* for all applications. With the clinical versatility to expand in areas such as body / oncology in a wide aperture system that promotes excellent patient comfort. And productivity is enhanced with every feature of the Ingenia, with automation where it makes sense.

Overview specs

- Premium image quality with Digital Clarity & Speed
- Fast patient setup with easier coil handling and less patient handling
- Low-cost upgradeability due to channel independent design
- Large homogeneous FOV for a 70cm system

Includes

- Latest console hardware and software
- Magnet cold head revision
- New accessory set which contains all pads and straps
- Same as new warranty

* Compared to Achieva 1.5T System

Performance: Achieva dStream 1.5T – Diamond Select Advance

Digital clarity & speed combined with an enhanced ROI

The Achieva dStream 1.5T – DS Advance* helps you explore with confidence, perform advanced clinical imaging that supports referrals, and conduct routine imaging efficiently.

It fulfills your needs for highly advanced clinical functionality and productivity at outstanding value.

Overview specs

- Premium image quality with Digital Clarity & Speed
- Fast patient setup with easier coil handling and less patient handling
- Low-cost upgradeability due to channel independent design
- Further enhanced ROI using the latest generation dStream electronics combined with a preowned magnet

Includes

- Close to or new SmartPath to dStream upgrade
- Latest console hardware and software
- Magnet certification incl. cold head revision
- Same as new warranty

*The Achieva dStream 1.5T – Diamond Select Advance configuration is based on a refurbished and certified pre-owned magnet from an Intera 1.5T/Achieva 1.5T system (in case of Achieva including possibly a moderate amount of other components) combined with a SmartPath to dStream upgrade.

Performance: Achieva dStream 1.5T – Diamond Select

Digital clarity & speed combined with an enhanced ROI

The Achieva dStream 1.5T – DS* helps you explore with confidence, perform advanced clinical imaging that supports referrals, and conduct routine imaging efficiently.

It fulfills your needs for highly advanced clinical functionality and productivity at outstanding value.

Overview specs

- Premium image quality with Digital Clarity & Speed
- Fast patient setup with easier coil handling and less patient handling
- Low cost upgradeability due to channel independent design

Includes

- Latest console hardware and software
- Magnet cold head revision
- New accessory set which contains all pads and straps
- Same as new warranty

*The Achieva dStream 1.5T – Diamond Select configuration is based on a system consisting of a refurbished certified pre-owned magnet from an Intera 1.5T/Achieva 1.5T system (in case of Achieva including possibly a moderate amount of other components) combined with a refurbished SmartPath to dStream upgrade.

Value: Achieva 1.5T SE – Diamond Select

A smart investment by any measure

The Achieva 1.5T SE –DS provides superb patient friendliness, functionality and versatility. This MR scanner is fully customizable to fit your working style and situation. The system helps you to do more in every way with faster exams, a wide application range and enhanced workflow. Exceptional quality in challenging applications, across all patients.
