Diamond Select Ultrasound

Circular Equipment
2020

innovation  you

Rethink what new means with **Diamond Select**

Philips Circular Equipment transforms used medical imaging equipment into high quality Diamond Select solutions. It's a lower cost and future proof solution, with the same as new quality standards, warranty and support you can expect from Philips. The Diamond Select systems are indistinguishable from new.

More value for money

Diamond Select gives you **extended clinical capabilities at lower cost** - so you can provide the best care for your patients.

Same as new quality

Diamond Select has the same **high-quality standards and support** as you expect from new Philips systems.

Circular eco-system

Diamond Select is **future proof** and enables you to profit from, and contribute to, a circular and sustainable economy.

Diamond Select Ultrasound

Provides you access to an exceptional level of clinical performance, workflow, and advanced intelligence at lower cost to meet the challenges of today's most demanding practices.

Professional services and support

General Imaging | Cardiology | Women's healthcare: EPIQ 7 – Diamond Select

Philips EPIQ ultrasound features an exceptional level of clinical performance, workflow, and advanced intelligence to meet the challenges of today's most demanding practices. The EPIQ Elite platform brings ultimate solutions to ultrasound, with clinically tailored tools designed to elevate diagnostic confidence to new levels.

Overview specs

- Shear wave elastography simplifies liver disease assessment
- nSIGHT Imaging
- Xmatrix
- PureWave

Includes

Tablet like interface, Lightest Premium system, 21-inch high-def LCD display, SonoCT, XRES, AutoScan, SmartExam, Auto Doppler, 2D Panoramic, Color Power Angio, Anatomic M-Mode, Color Flow Doppler, PW, High PRF, Continuous Wave Doppler, Chroma Imaging, TDI, LVO, Stress Echo Protocol

General Imaging | Cardiology | Women's healthcare: EPIQ 5 – Diamond Select

Philips EPIQ ultrasound features an exceptional level of clinical performance, workflow, and advanced intelligence to meet the challenges of today's most demanding practices. The EPIQ Elite platform brings ultimate solutions to ultrasound, with clinically tailored tools designed to elevate diagnostic confidence to new levels.

Overview specs

- Shearwave elastography
- nSIGHT Imaging
- Pure Wave
- Advanced workflow for superb ergonomics
amazing mobility

Includes

Tablet like interface, Lightest Premium system, 21-inch high-def LCD display, nSight architecture, SonoCT, XRES, AutoScan, SmartExam, Auto Doppler, 2D Panoramic, Color Power Angio, Anatomic M-Mode, Color Flow Doppler, PW, High PRF, Continuous Wave Doppler, Chroma Imaging, LVO, Stress Echo Protocol

General Imaging | Cardiology | Women's healthcare: Affiniti 70 – Diamond Select

The Affiniti 70 ultrasound system offers a powerful combination of performance and workflow for quick, confident diagnosis.

Overview specs

- TrueVue advanced 3D display
- MaxVue high-definition display
- AI for Breast

Includes

Affiniti precision beamforming, Tablet like interface, 21.5 inch high-def LCD display, 4 transducer port, SonoCT, XRES, AutoScan, Abdomen Clinical Option. Also included: Color Power Angio, Anatomic M-Mode, Color Flow Doppler, PW, High PRF, Continuous Wave Doppler, Chroma Imaging, High Q, Tissue Doppler Imaging, Pulse Inversion, Articulating Arm, Battery

General Imaging | Cardiology | Women's healthcare: Affiniti 50 – Diamond Select

The Affiniti 50 ultrasound system was designed to work hard, without high costs. Total cost of ownership is kept low through energy-efficient technology, extensive reliability testing, and a modular design that enhances uptime and rapid repair.

Overview specs

- TrueVue advanced 3D display
- MaxVue high-definition display
- AI for Breast
- Philips remote services monitoring
- Elastography and Anatomical Intelligence Ultrasound (AIUS)

Includes

Affiniti precision beamforming, Tablet like interface, 21.5-inch high-def LCD display, 4 transducer port, SonoCT, XRES, AutoScan, Abdomen Clinical Option. Also included: Color Power Angio, Anatomic M-Mode, Color Flow Doppler, PW, High PRF, Continuous Wave Doppler, Chroma Imaging, High Q, Tissue Doppler Imaging, Pulse Inversion

General Imaging | Cardiology | Women's healthcare: CX50 – Diamond Select

Premium technologies bring a new level of image quality to compact ultrasound, so performance isn't sacrificed for portability. Designed for critical study requirements and big system performance everywhere you need it.

Overview specs

- PureWave everywhere
- Digital broadband beamforming on a compact
- SonoCT
- XRES
- Smart Exam

Includes

15-inch display, iScan, 2D, M-Mode, Anatomical M-Mode, Color M-Mode, Pulsed Wave Doppler, Color compare mode, 2D Optimization Signal processing, XRES, Smart Exam, Needle Visualization

POC: Sparq – Diamond Select

Philips Sparq ultrasound system makes scanning and interpreting quality ultrasound images in the ICU simple, so you can work fast and with ease, giving you more time to focus on your patients.

Overview specs	Includes	
<ul style="list-style-type: none">• Needle Visualization for easy procedure guidance• Remote Reporting• PureWave transducer technology for technically difficult patients• Sealed control panel enables easy cleaning• Abundant clinical applications for Critical care needs	17-inch high resolution color monitor, 20,000 digitally processed channels, SonoCT, XRES, iScan, TDI, 2D, M-Mode, Anatomical M-Mode, Color M-Mode, PW Doppler, THI, PureWave Transducer technology
